CONTENT

- 
- A hand holding a cluster of red cubes against a world map background. The cubes are arranged in a roughly spherical shape, with some cubes floating above the main cluster. The background is a dark red world map.
- Founded in 1998 in the city of joy – Kolkata, Macaws Infotech has been a trusted name in Enterprise IT Security, Cybersecurity, and Cloud Security for 26 years.
 - Our portfolio covers NGFW, VPN, WAF, EDR, XDR, DLP, SOC, and complete Cloud services for AWS, Azure, Google Cloud, and more.
 - Macaws Infotech partners with premium technology providers from across the world, delivering the finest solutions purpose-built for every business type.
